TAXATION HITS POST-WAR FINANCE

As the post-war era becomes more clarified to the average business man, there is a growing general demand that taxes be lowered to a point where once again good, old-fashioned American competitive free enterprise can come into being.

This was most noticeable in President Truman's statements the first week after he had taken office. The Treasury Department has agreed with him. And now thruout the various Government agencies there is a move to lower taxes.

Taxation came to this industry when it first began to expand in the early thirties, and because of this national expansion, attracted the attention of various legislative bodies.

These law makers noted the growing popularity of coin operated equipment, and foresaw the possibility for taxing this industry for additional revenue. Since then licensing coin machines, whether slots, scales, juke boxes or merchandise venders, is a regular procedure of every village, city, county, state as well as the Federal Government.

With the need for taxes to produce more income growing greater in every community thruout the nation, especially in view of the fact that the men who are engaged in the war will soon be returning home from the European front at the rate of 50,000 per day, these communities feel that this is the time to prepare public works projects to take up any possible unemployment slack, so that the men who made possible peace will be able to earn a living. This is highly commendable and completely in favor with every member of this coin operated machines industry.

Yet, there has come into being, in various legal bodies here and there thruout the country, one sort of legislator who feels that certain industries, because they lack the power of huge lobbies and cooperative action, should be taxed to a fare-thee-well. And in the case of this industry this is today an outstanding fact. Not a week goes by but what some community, somewhere in the country, is seeking to cvertax and thereby hinder the growth of this business.

It was this reason which prompted The Cash Box to urge that a National Tax Council be created. So that the members of this business would at least have a board of appeals of their own, in their own industry, to which they could turn when their communities attempted to discriminately tax them.

Tho this suggestion has met with marvelous acclaim from all in the trade none have as yet stepped forth to help make this a possibility. And every day that goes by, as this post-war era goes deeper into its new horizons, brings about a greater and still greater need for a National Tax Council.

There is no one agency to which this industry can turn today to get expert tax advice to help prevent heavy taxation. There is no one source where complete data, files, information, precedents, procedure and former cases can be had. Only a National Tax Council staffed with, and guided by, men who have had tax experience, can help cure the present taxation situation of this industry, or at least hold the line where it now is.

As all the industry knows, there is a growing movement thruout the nation to bring about taxation which will obtain a percentage of the gross income of this industry. Many states have already experienced these proposals in their legislatures.

Texas, Tennessee, Oklahoma, and other states, have heard legislators arise to demand that, not only a heavy annual license fee be placed on coin operated machines, but that in addition, a percentage of the gross income from these same machines be paid to the state.

For example, the state of Texas demanded that phonos pay \$50 per year as well as 15% of their gross income. This same state wanted \$100 per yearly license fee from

"The Coin Machines Merry-Go-Round"

pinball machines plus 15% of the gross income. Tho this bill is dormant at present, the general belief is that it will some day become fact.

This sort of legislative thought and action is spreading. Up to the present time, the men of this business have been sufficiently interested to help prevent such taxation from becoming a fact. But even these men believe that eventually some of the politicians will be successful. After that the idea will spread with as much speed as did the plan to tax coin machines when it was first broached. There is no doubt, too, that every coinman knows the effect such taxation will have on his income.

To help offset this sort of taxation, and the further fact that this industry is now being more highly taxed each year, The Cash Box proposed that the members of this business arrange for a 75%-25% commission basis with their locations instead of the present 50%-50% commission basis.

This 25% differential is necessary today because of overhead increase. It will surely be needed if machines will be much higher priced than they were pre-war, and doubly important if taxation grows greater.

Therefore, the suggestion that a new and better commission basis become fact, that is, a 75% to the operator and a 25% to the location commission basis (at least in the average locations), is of growing import to the trade to help offset higher taxation drain of present income.

All this now leads back to the fact that because the members of this industry haven't as yet come together into a National Tax Council, the various financiers who have become tremendously interested in this trade, are now beginning to plan their future loans on what taxes the coinman asking for the loan is paying.

In short, an operator of phonographs will now have to advise the firm from whom he is making a loan just what taxes he pays each year to his community, his county and state for the right to continue to operate.

This will be figured against the average net income from his machines as well as against the market price of equipment he buys. The loan will probably then be based on the differential which results. In short, many who formerly figured on obtaining large loans, might find their figures considerably cut down because of the heavy taxes they pay.

With the finance organizations in this industry now recognizing the fact that taxation plays an ever more important part in the future coin machine picture, then surely this is the time for the members of this industry to decide whether or not they should urge the immediate creation of a National Tax Council to help protect this business and to keep legislators, who know nothing or very little of the earning power and prospects of this industry, from tossing obstacles in its path whereby growth will be tremendously curtailed.

All are anxious to see this industry rise to the highest possible peak. All are eager to help make this business the most outstanding division of America's entertainment industries. But this cannot become the case if some one organization does not come into being to help protect the operator from being overtaxed in his own community. And only a National Tax Council, with knowledge of what is happening thruout the country at its finger tips at all times, can do so.

The fact that the large financing firms are investigating taxation all over the nation, as far as this industry is concerned, is proof in itself that this is the time for this trade to make certain that the tax line is at least held at its present point. It is extremely difficult to reduce taxes at this time in any community, and will continue to be difficult for many years after the war is over. But, at least the line can be held at its present point, so that the trade can continue with a more clear conscience as to its future possibilities.

The need for a National Tax Council grows greater each day. Even the finance firms now believe that such a council should come into being. The trade needs great financing during this new era. It must, then, stop the growing tax menace so that it will be able to proceed on so much more smoothly than ever before in its history. It must have the combined cooperation of all factors in this trade to assure the creation of a National Tax Council. All will benefit from such a Council.

NATIONAL ADVERTISING

A few years ago The Cash Box reported that national advertising of the products of this industry would become fact in the post-war world.

That new world is here today. And each day it assumes more amazing proportions. New plans are being made. Greater plans than were ever before made for this business.

1904-1905

"The Coin Machines Merry-Go-Round"

At the present time it has become known to most coinmen that the larger manufacturers are planning national advertising campaigns in outstanding mass media.

There are advertisements already prepared which will appear in such publications as: The Saturday Evening Post, Life, Look, Fortune, Good Housekeeping, Ladies Home Journal, and many others of like import.

There is no doubt that advertising in such publications will tend to give greater prestige to this industry and, at the same time, gain for it greater recognition.

As more and more coin machine manufacturers enter into such campaigns the products of this trade, probably the automatic phonographs and many types of merchandisers, will gain greater patronage as well as acclaim from the public generally.

Such outstanding advertising is sure to place this business on a higher plane than than it has ever before enjoyed. It will assure more rapid growth. It will also assure the sort of recognition needed for future expansion plans.

The trade must realize that as this national advertising comes into being that competition will also increase. This, too, will prove of good benefit and value to all concerned with this business.

Competitive manufacturing, distributing and operating is necessary to raise the level of this business. Only from keen, competitive action do the best products and methods result. Therefore, without this competition, many new and important discoveries of great value to this business would never come to light.

As national advertising becomes fact, this trade can look forward to an era without former equal in its history. It can be certain that more and more people throughout the nation will look upon this business with greater favor.

This industry will grow great only when it urges its basic buyer to buy its services so that a perpetuating sales will result and high income will continue to be assured.

ON THE RECORDS

It seems that at last the entire industry (from manufacturer down to the smallest automatic phono operator) has come to realize that some sort of arrangements will have to be made with the recording concerns so that records will be available to coinmen in greater quantity.

There are a great many unanswered questions in the record field. There does not seem to as yet be any one of these recording organizations which will agree to a plan for making distribution to the present music machine operator a greater certainty.

For example, in the May 15 issue of The Cash Box there was the suggestion that the record firms use their same label but in a different color exclusively for the coinmen. This was proposed on the theory that the record manufacturer was definitely giving coinmen a fair and equitable quota of the present number of records he produces and which he claims he is doing.

Surely, then, since he claims that he is giving coinmen the fair and equitable share to which they are entitled, he will not hesitate to prevent his sources of distribution from making use of part of that quota to sell to other than coinmen.

That is why The Cash Box urged that the color of the paper used for the label be changed, and that this color label become an exclusive coin machine record, even though the manufacturer won't be changing the wording that appears on his regular labels.

In such fashion, if these records suddenly appear anywhere but in coin machines, the manufacturer will quickly learn where the leaks have existed which have forced coinmen to purchase from 75% to 90% of their records at retail prices from sources scattered all over the nation.

HONORABLE MENTION AWARD

To Harold Lieberman of Acme Novelty Co., Minneapolis, Minn., for his leadership as General Chairman of one of the largest charitable enterprises in his city. His work resulted in great honor and commendation for the entire industry. His handling of this great charity's cause sent donations over the top far beyond what they had ever before been.

"TALKING OUT LOUD"

LEADERS SEE NEW BOOM IN USED MACHINE SALES

Present Slump Called Natural Reaction To Reconversion Notices. Check Of Prices Shows No Change. New Blood Buying Used Equipment. "Sales sure to boom with prices holding and may be even going higher," Leaders Predict.

NEW YORK — Immediately after hasty notices on the fact that WPB had revoked L-21 some members of the trade came to the opinion that they would soon be seeing new equipment coming off the production lines.

This has since been halted by the cooler headed coinmen who read the restrictions appended to the revocation order pointing out that all the vital metals needed to make equipment were not allowed to be used.

But, the result was a sales slump in the used market which has held on for the past two weeks. This slump, leaders termed, "A natural reaction to the reconversion notices which have been coming out of Washington."

Since then, tho, the slump has eased off and business is again getting under way in the usual manner since most coinmen learn that they will probably not see any new equipment this year.

In addition, some of the distribs, preparing for the entrance of new machines sometime early in '46, are started out on sales to new blood. Already from here and there thruout the nation come reports of small routes of machines being set up by returned soldiers who have wanted to enter into this business.

From all reports this seems to be gaining headway and the belief now is that there will be a tremendous increase in new blood for this industry even before the new machines are announced.

Many also believe that even after the first announcements from the manufacturers regarding their new equipment that it will still be months before the equipment will actually be seen.

All this, leaders predict, is preparing for a return boom for the used machines sales market which, they feel, will not only return former business action but will find the action greater than ever with prices holding up and maybe even going higher than at present.

They attribute the price increase to the fact that the new blood will outbid present coinmen for the equipment now on the used market. They also predict that British coinmen will also soon be coming over to make bids for the used machines.

In the meantime, a check of the used machine prices in the past few issues of "The C.M.I. Blue Book" seem to hear out these statements and predictions. Prices have dropped somewhat on some of the older model pin-tables and one-balls but all other equipment has held up very well. In fact, the phono field tends to show even higher prices than before.

Present coinmen are out to cover as many locations as they possibly can with used equipment in an effort to forestall competition from this new blood in their territories.

WPB TIGHTENS UP ON LUMBER

With Output 11% Below 1944, WPB Cuts U.S. Allotments Subject to Review in Mid-July. Supply Remains Tight.

WASHINGTON — Even more disheartening to the cointrade comes the statement from the War Production Board that the present lumber supply remains tight and that due to the fact that present output is approximately 11% below 1944 all allotments for the U.S. will remain tight for sometime to come with a possible review of this subject sometime in mid-July.

WPB reported, "Lumber is in more critically short supply than almost any other item in common use for both military and civilian purposes."

With the fact that copper, lead, tin, zinc, nickel, plastic, steel, rubber and chromic acid cannot yet be used in the manufacture of coin machines, this announcement that lumber is in such critically short supply, convinces most coinmen that the actual manufacture of coin operated equipment is as yet a long way off from realization.

It is hoped by WPB that this situation will be remedied when further cutbacks of military needs come thru. But in the meantime coinmen cannot foresee how cabinets will be manufactured for this industry with the lumber supply remaining so tight everywhere in the nation.

POPULATION SHIFTS IMPORTANT TO TRADE

NEW YORK—News of further population shifts now being compiled by statisticians for leading Government agencies, will prove of great importance to all the cointrade.

As is well known, many noted war boom territories are now losing much of their wartime population as these workers drift to other centers where employment is still needed.

Coinmen who are planning route expansion will have to make careful check of these population shifts so that they are not caught short with too much equipment and too little players.

URGE JOBS FOR VETERANS

Trade Believes Many Vets Will Be Hired. Urge Mfrs. Make Announcements to Public

NEW YORK — In the belief that many veterans will be hired by this industry, coinmen are urging manufacturers to get this story over to the public to gain for this trade this sort of good publicity.

One of these coinmen sends in an item by one of the leading manufacturers in the radio industry which leading newspapers picked up in a general press release that, "the radio industry will be able to hire thousands of returning service men."

"Not only can we make this same sort of announcement", he writes, "but it is high time for our own manufacturers, who will hire plenty of vets themselves, to get this story over the press wires."

GEORGE JENKINS ON "G.I." ADJUSTMENT

CHICAGO — George Jenkins, vice-president and general sales manager of Bally Manufacturing Company, is proudly displaying a letter written by a Yank fighter in the Philippines to the proprietor of a Pennsylvania location. "When I come back," the soldier wrote, "I would like to have that "Mascot" one whole day to myself, but if it's like it used to be, I guess it wouldn't be possible." ("Mascot" is a late bumper-type Bally game.)

Jenkins points out that people who worry about G. I. Joe's adjustment to civilian life should be reassured by the letter. "The writer," Jenkins says, "is probably typical of the vast majority of American fighting men. They are looking forward to their return to a normal American life — including that typical American amusement, the pin-game."

RECORD SPORTS CROWDS PROVE PUBLIC WANTS MORE RECREATION

NEW YORK—The record attendance at sporting events thruout the nation this past Decoration Day once again proves to the cointrade that the public want recreation.

Coinmen who studied these attendance figures on Thursday morning in their daily newspapers were tremendously elated for it once again indicated that the equipment of this industry was coming in for the biggest boom collections of all time.

As one noted coinman wired The Cash Box, "Here again is proof that the public want all sorts of recreation. The machines of this industry, music and amusement, are sure to get greatest play in history. Operators should make it their business to spread as many machines as they possibly can all over every location while they are waiting for announcement of new machines, which we do not believe will be seen until late '45 or sometime in '46."

THRU THE COIN CHUTE

CHICAGO - Frank Doyle of Miami, Fla. in town and much enthused about his recently acquired building in Miami proper where he will establish offices, show-rooms and carry a stock of phonos, games and scales, when the mfrs. start shipping again.....Joe Schwartz and Ed Wurgler of Wurlitzer's clan believe that the funniest story ever told by anyone in the coinbiz is that of Irv Sandler's (Mayflower Novelty, Des Moines, Ia.) story about the \$100,000 check. If you bump into Irv. they say, have him tell it to you.....Probably the most classic remark made in Chi this past week was that made by Bill Bye of Eaby Distributing Co., Philadelphia, Pa., who, in discussing shipments from manufacturers suddenly popped with, "Does your shipment taste different lately?"

Gil Kitt of Empire Coin Mach Exch once again jumps on his motorcycle and runs up to Michigan where he buys so much equipment that they are breaking open the doors of his place to be able to get it all into the place.....Roy (Monarch) Bazelon still basking in the sunny sunshine of the sunny South.....Harold Perkins of American Amusement Co. away on a biz trip and just as soon as he gets back Mac Churvis of the same firm intends to leave. Harry Brown and Dave Yaras of the firm announce that the new West Coast representative for American is Bob Colyer who will open in L.A.....Seen over at Harold Pincus' Coin Machine Service this week: Wayne Robinson from Pekin, Ill., buying parts: A. Landon of Galesburg, Ill., telling about his operations; Bob Weiss of Burlington, Ia. and A. Bertoncini of Des Moines, Ia.

Soon making the rounds 'round the Chi factories: Ben Spasser of St. Louis and T. B. Holliday of Jacksonville, Fla., and Charlotte, N.C., both interested in what is what in the new machines, if an'when.....Al Goldberg looking chipper than ever and back on the job at Chicago Simplex.....Ben Long, Jackie Fields and Russell (Rusty) Smith all of Smith & Fields, Pittsburgh, Pa., seen in town and celebrating at the Latin Quarter because former welterweight champ Jackie is gonna get married sometime this June.....Joe Young of Cleveland, Columbus, Steubenville and other points in Ohio rushing around town this past week.....Don Clark of Clark Distributing Company, San Francisco, Calif. in town and showing the Windy City to Ken Popke (who, by the way, was discovered to have a "voice") his S.F. office manager and Bill Schedder his L.A. office manager.

Bert Brady of Brady Distributing Co., Charlotte, N.C., in town and sporting around some rather sporty sport coats.....Morris Maynor, Jr. of Maynor Distrib. Co., Richmond, Va., also in town this past week and getting ready for "the day".....Al Mendez "that smiling Latin" seen about town helping some of the other out-of-towners shop for furniture.....Fletcher Blalock of F.A.B. Distributing Co., New Orleans and his man Joe Villars also seen around Chi.....Bob Waggener, prexy of CMAC in town for a few days and showing the Chicago boys what the well dressed man should wear.....Si Redd of Redd Distributing Co., Boston, Mass., also pops into town but seems to have forgotten all about Philadelphia, Miss. and Sterling, Ill. with the way he dresses these days.....George (Bally) Jenkins pops out of town for a few days and pops right back in so fast few know he was gone.....Jack (Coca Cola) Walsh of Mills Industries in town for two days and commuting back to New York again.....A.H. Shannon of Coin Machine Sales Co., Houston, Texas on his way into Chi to talk things over.

WFB advises mfrs. here that the meetings of the 4 Industry Advisory Committees scheduled for June 7 will be held in Washington on Friday, June 8 instead, and the mfrs. getting all prepared to be present with many planning to stop off in N.Y.C. for a day or two.....George (Superior Products) Sax celebrates the firm's 10th anniversary by giving the firm's employees a grand dinner and entertainment at the Hotel Sherman penthouse (Tues., May 29).....Al Stern, regardless of rumors to the effect that he is opening in L.A., reports that he will soon be opening his own firm in Chicago.....Nate Feinstein and his Mrs. plan a trip to Pittsburgh (Nate's home town) to let his folks get a look at his daughter.....Bill (Sicking, Inc., Cincinnati) Marmer in town and making the rounds.....Joe Frank, Automatic Amusement Co., Nashville, Tenn. also in town and seems to have forgotten all about beer biz.....Izz Rothstein of Banner Specialty Co., Philadelphia, Pa., also visits the Windy City and is reported to be getting all set for the new era.

Eddie (Atlas Novelty) Ginsberg back from his Iowa trip and rushes right out to his farm to "relax".....Art Weinand and A. R. Kelso of Rockola in constant conferences 24 hours each day on that "phonograph of tomorrow".....George Graf, production genius of Superior happiest daddy in town now that two of his boys are back after so many, many months in the Pacific.

THRU THE COIN CHUTE

EASTERN CHATTER - Ted Mair back in action at MAC's offices after a week in ChicagoMr. & Mrs. A. H. Bouterious (Mills Sales Co., Ltd., Oakland, Calif.) in townEddie Smith of Emby Distributing Co. wishin' he was fishin'Jack Ravreby, Owl Mint Machine Co., Boston, Mass. advises his firm is getting set for a real surprise soon.....John Haddock of A.M.I. taking in the sights and also taking care of some important business.....Mr. & Mrs. F. J. Buckley also visit the big town.

Charley Hannum of the Philadelphia Operators Association expects to come along any day.....Jack Walsh of Mills Industries seen around.....Charley Katz and Leon Berman of Metro Distributing Co. claim they have some exciting news for the trade, which will break in about a week.....Ben Becker, Palisade Specialites, Cliffside Park, N.J. kept so busy at the office, he hasn't been able to get on the road for the past few weeks.....Lou Rosenberg, Bay Ridge Music Co., Brooklyn, N.Y. returns home on a 21 day furlough after spending three years in the Air Force in the European and Asiatic theatres. Lou has 120 points, but don't expect to get released as he is told he is considered critical.

Hymie Rosenberg, H. Rosenberg Co. and Johnnie Helfer discussing post-war possibilities.....Jackie Berman, Economy Supply Co. somewhere in the Pacific.....Eastern Arcades get a nice break in weather for the Decoration Day Holiday, and have a banner day.....Dave Rosen, Philadelphia gets a terrific build-up from a Philly op as one of the best liked coinmen in the territory.....Al Gloth of New London, Conn. stops off at Mike Munves' to do some buying.....Charley Aronson, Bill Alberg and Teddy Blatt of Supreme Enterprises, Brooklyn, on their way to Chicago at the end of the week.....Mr. and Mrs. Dewit Eaton spend a week visiting in the city....."Chippy" Maltz of Globe Devices tells about making a decision some time ago and now it's costing him a couple of hundred a week.

Cliff Bailie, Rex Manufacturing & Sales, Syracuse, N.Y. makes a trip to the cityA committee of Arcade Owners from the Times Square section were invited to Commissioner of License Moss' office to discuss the recent ruling on Baseball games... Jack Mitnick and Ed Ravreby seen in a huddle discussing the Mills line, and both, who received medals for record sales prior to the war, claim there will be no better machines made when the time comes, than will be made by Mills.....Jack Mitnick getting ready to open offices in the General Motors Building. Ed Ravreby telling Arcade men that it is to their benefit to keep their equipment in the best of shape, as arcades are the "showcase" for all coin operated machines, and also that they shouldn't be jittery and sell off their equipment, as it will be quite some time before any new equipment comes along.

ARMY SIGNAL CORP. TAKES MOVIES OF PHOTO MACHINES IN ARCADE

NEW YORK CITY - The Army Signal-Corp. took movie pictures of photo machines in the Playland Arcade, owned by Ed Ravreby, located on Broadway in the heart of Times Square. These movies will be shown to the armed forces in order to educate them about the economical way to have their photos taken. The officers in charge of the group explained that many service men spend quite a large amount of money to take pictures to send back home. The photo machines will serve the purpose excellently and at a very small cost.

SLOTS AND JUKES PAY FOR SMALL TOWN'S CULTURE

CHICAGO - Henry Fox of Jackson, Miss., who visited here for a week, brought along a clipping from a column in his home town paper which told the story of the operatic and movie star Grace Moore giving a recital in Fairfield, Iowa. This small town paid Miss Moore her usual big city fee. She also learned that Alec Templeton, the famed blind pianist and Robert St. John has already preceded her in Fairfield. She also learned that next season the Minneapolis Symphony would be brought to this small town.

Miss Moore asked the auditorium officials how it was possible for such a small town to afford this entertainment. They pointed to the taxable juke boxes and slot machines and explained, "They pay for the culture of Fairfield".

(The above item clicked with all who read it in Chicago and Henry Fox is to be thanked for keeping his eyes open and finding this in one of the noted columns which appears in a great many newspapers thruout the country. Other items of this sort should be collected by all members of this industry and used for good public relations effort.)

THRU THE COIN CHUTE

NEW ORLEANS - Joe Villars, office manager of F.A.B. flies to meet Fletch Blalock on that fishing expedition, just for a short vacation.....Music keeping Tony Mele stepping plenty fast in Hammond these days, during the busy berry and boun season.....H. A. Mobley in town on business.....John L. Dickey formerly employed by Buster Williams of Service Novelty Co., Newelton, La., back in the states after 27 months in the South Pacific where he fought in 19 major battles losing his entire left leg. He is now doing a nice job for FAB in spite of this handicap.....Slots are again back on the scene in Lake Charles, La.....Lawrence Glorioso, New Orleans op, showing everyone who cares to look a pictue of himself at the time of his high school graduation. He was "quite the stuff" then.....Henry Fox back in town after trying to buy out half the equipment left in Chicago.....And Sally Adams wishing that she, too, could fly away for a vacation somewhere for just a few weeks.

UNITED COIN CELEBRATE 6th AND 10th ANNIVERSARIES AT SAME TIME

MILWAUKEE, WIS. - Harry Jacobs, Jr., United Coin Machine Company, this city, is enjoying a unique double anniversary celebration this month. The firm are not only celebrating their 6th year as coin machine distributors but also their 10th year since entering into the coin machine business.

Jacobs reports, "We believe that these past 10 years have been the most interesting in our history. Yet, we look forward to the post-war years as even more interesting and surely the greatest in the history of this industry." The firm are inviting their customers to colobrate with them by a gigantic equipment sale.

ELLIS G. BISHOP LEAVES OPA

WASHINGTON - Ellis G. Bishop, Head Consumers Durable Goods Division of the Office of Price Administration, who headed the coin operated equipment division, has just left OPA taking up his new position as Advertising Manager for Royal Typewriter Co. Mr. Bishop spent much time with the leaders of this industry, after stepping into George Toomey's position, and became extremely well acquainted with this business.

MIAMI HEADLINES JUKE INCREASE

MIAMI, FLA. - Newspapers in this city headlined the fact that over 100 more juke boxes were now in operation since the ban was lifted by Circuit Judge Ross Williams. Press reports are to the effect that there are now over 800 phonos playing in this town. City Manager A.B. Curry stated that the city would not appeal from Judge Williams' decision. The former license ordinance adopted September 2, 1943 limited one music machine to overy 265 people in this city.

MINNEAPOLIS

- Harry Sundeen who works for Howard Chapple of Hibbing, Minn. is home on a 30 day furlough after spending 3 years in Burma and India. Went thru the 3 years without a scratch. But is he happy to be back in the U.S.A. Harry doesn't yet know where he'll be shipped but is hoping that this time it won't be as far away from home. Earl Hanson, son of Gil Hanson of Stillwater, Minn. is now home on leave before being shipped overseas.....Ed Kubes of New Prague, Minn., is back home after spending 18 months oversoas. Ed was wounded but is recuperating vory nicely. His brother has been running the business while he was in Europe.....John McMahon of Eau Claire, Wis. stationed at Fort Leavenworth, Kans. has written his friends here that he's feeling much better since his operation. He expects to leave the hospital shortly.....Mr. and Mrs. B. R. Couch of Grand Forks, N.D., in town on a buying trip as well as a short vacation.....Arvid Kanges of Hy-G Amusement Co. is telling everyone who will listen that he's just become an "uncle". Arv's sister just gave birth to a baby boy.....The following ops were seen shopping around in the Twin Cities this past week; Harry Galep of Menominee, Wis.; A. R. Pearson of Bridgewater, S.D.; Lou Granite of Chippewa Falls, Wis.; Paul Pelling of Sauk Centre, Minn.; Mr. Michelson of Eau Claire, Wis.;.....And as Solly Rose of Hy-G Amusement says, "Well, here's hoping that we are smashing over the third strike on the Japs - for a final out - but fast."

DISC-HITS BOX SCORE

In Order of Popularity based on Weekly National Survey
Compiled by

JACK "ONE-SPOT" TUNNIS

Box Score tabulation compiled on the average individual purchase on the basis of 1000 records — listed in order of popularity, including name of song, record number, artists, and recording on reverse side. Code: (CA) Capitol; (DE) Decca; (HI) Hit; (VI) Victor; (CO) Columbia; (BB) Bluebird.

Let's Bowl Over The Jap

- Buy War Bonds and Keep Them
- Save All Waste Paper
- Donate Blood to the Red Cross
- Write to Him "Over There"

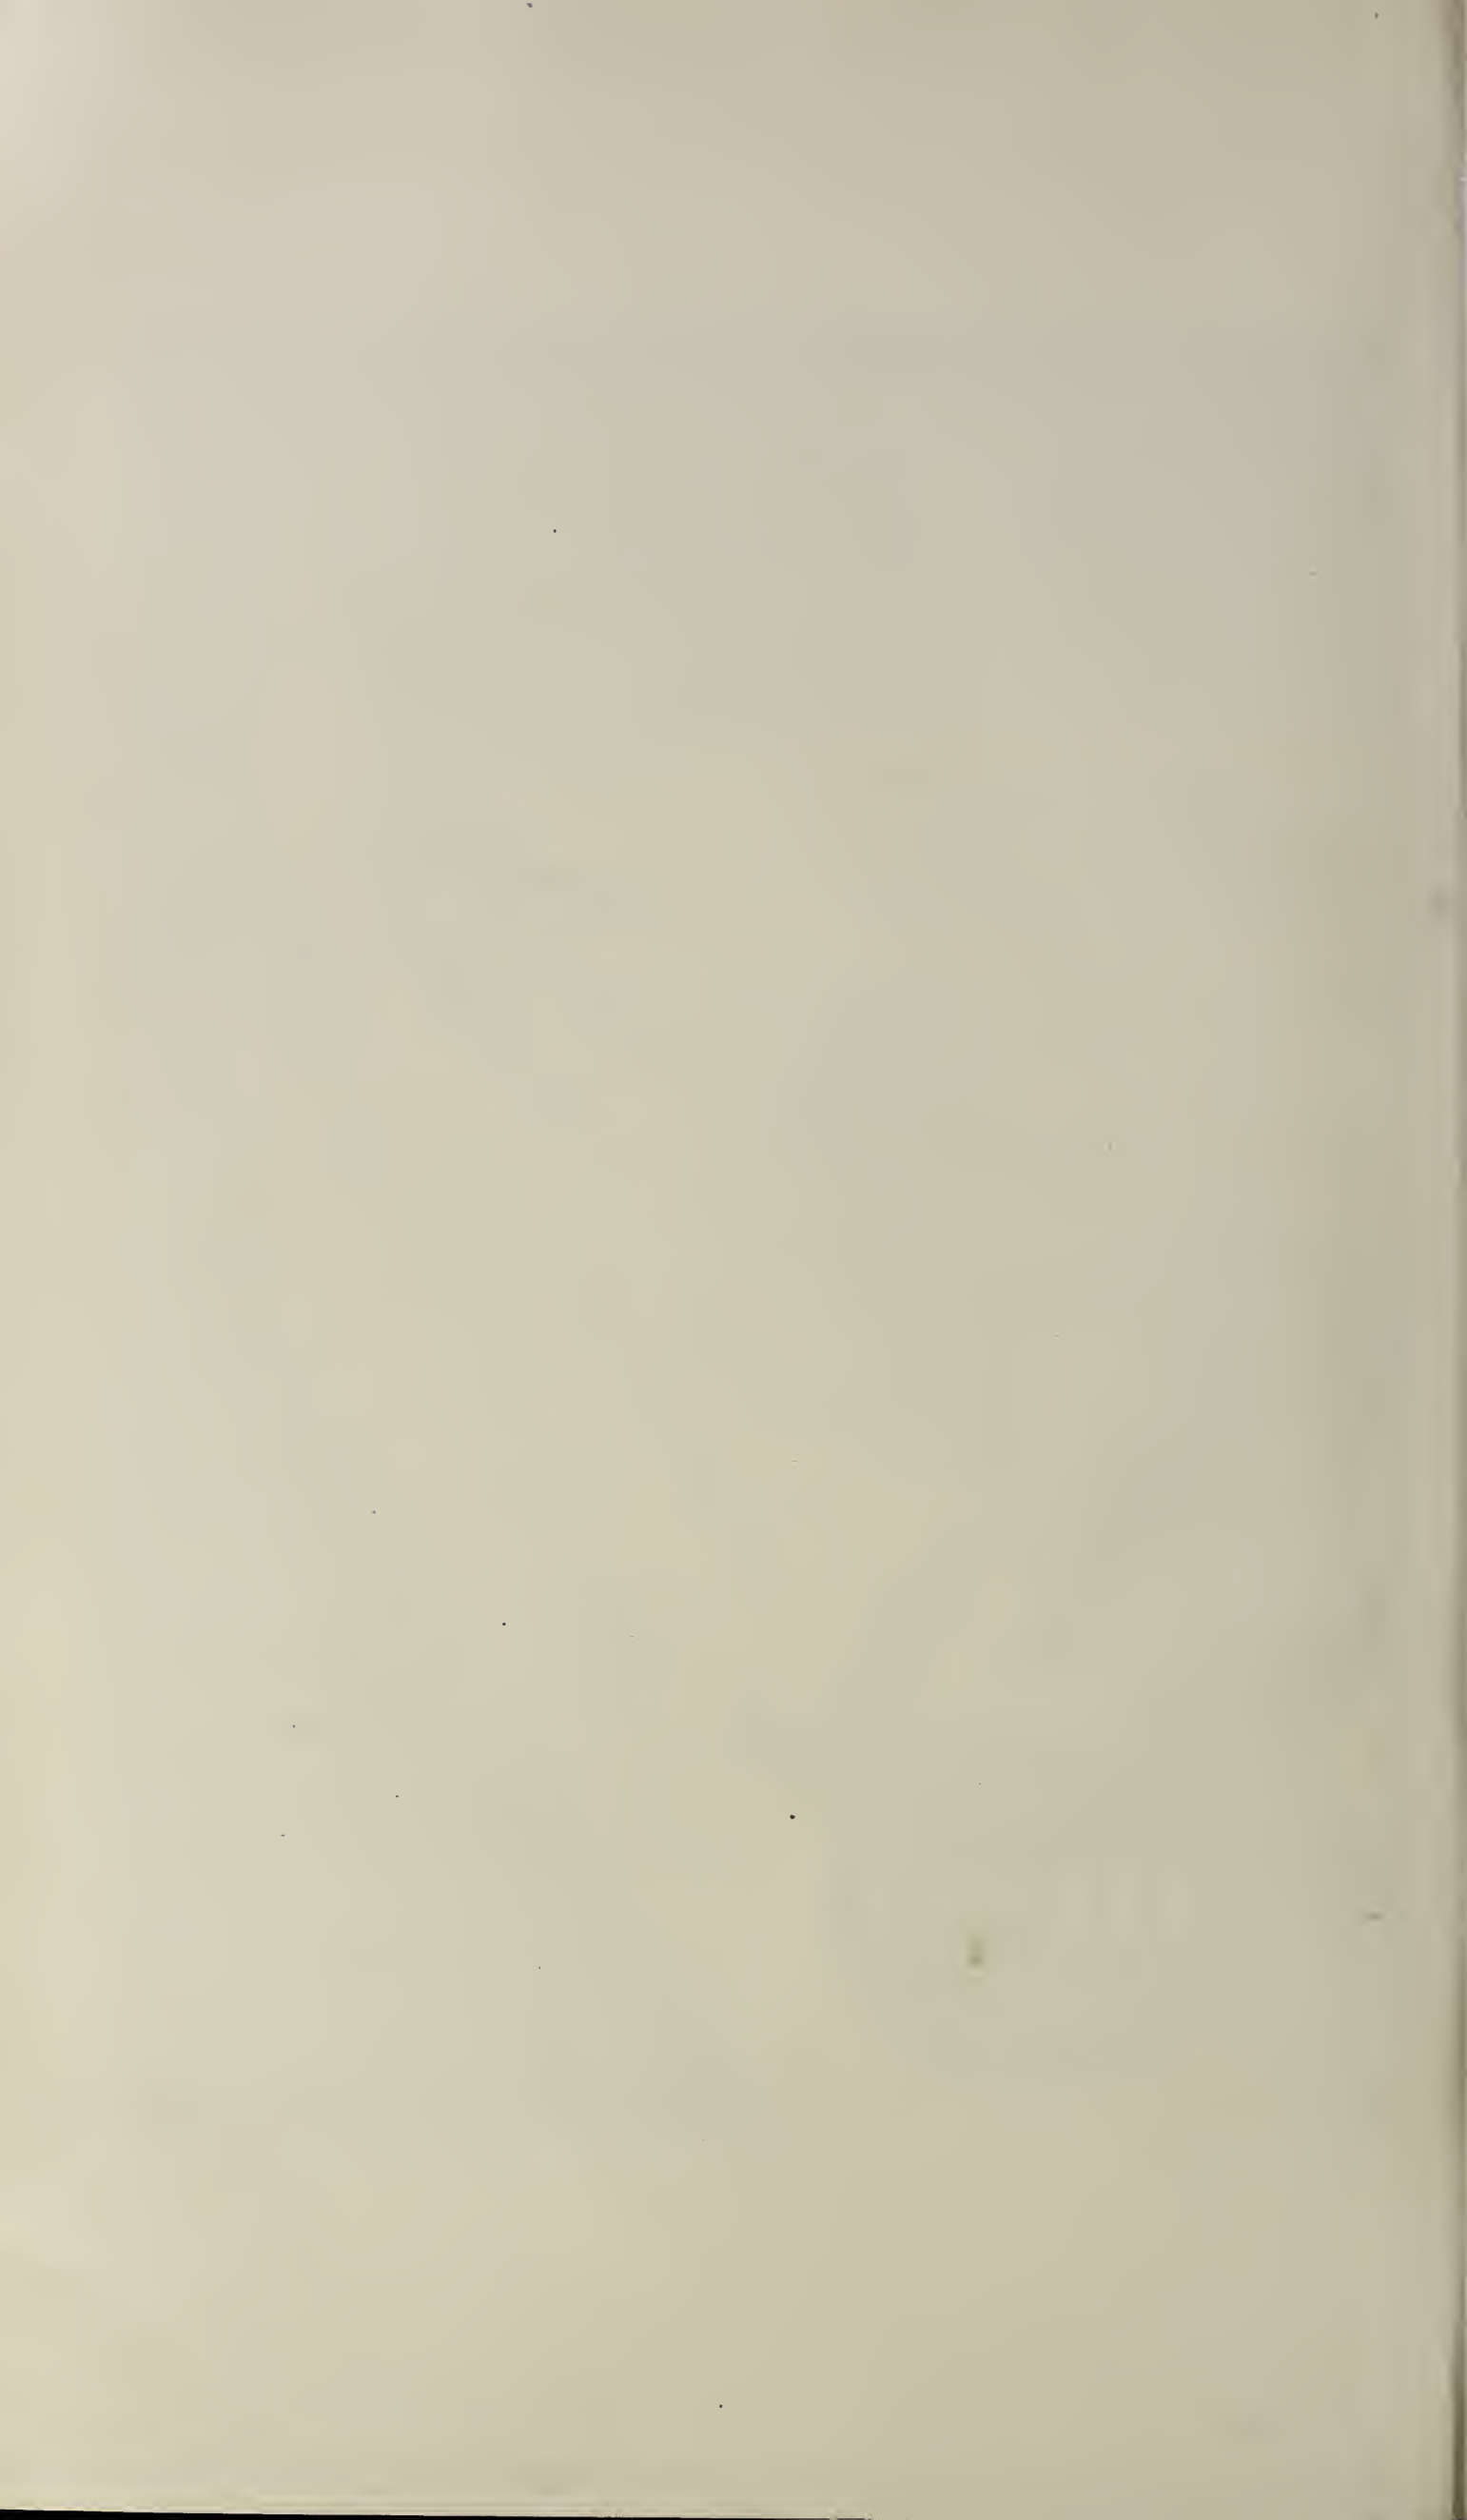

Let's do all we can here on the home front to help our boys overseas. When we've bowled Tojo over, we at ABT will have helped to accomplish our purpose . . . to bring peace again.

After "V Day" we will supply you with finer products, finer because of the knowledge we have derived from the war work in which we are now engaged 100%.

733 SIXTH AVENUE

HUNTINGTON, W. VA.

1. The first part of the report is a general description of the project. It includes the title, the objectives, the scope, and the organization of the report. The title is "The Effect of Temperature on the Rate of Reaction of Hydrogen Peroxide with Potassium Iodide". The objectives are to determine the effect of temperature on the rate of reaction and to determine the activation energy of the reaction. The scope is limited to the reaction of hydrogen peroxide with potassium iodide in aqueous solution. The organization of the report is as follows: Introduction, Experimental, Results, Discussion, and Conclusion.

2. The second part of the report is a description of the experimental procedure. It includes the materials, the apparatus, and the method. The materials are hydrogen peroxide, potassium iodide, and sulfuric acid. The apparatus consists of a reaction flask, a thermometer, and a stopper. The method is as follows: A known volume of hydrogen peroxide is added to a known volume of potassium iodide in a reaction flask. The flask is then placed in a water bath of known temperature. The reaction is started by adding a small amount of sulfuric acid. The time taken for the reaction to complete is measured by the appearance of a blue color.

3. The third part of the report is a description of the results. It includes the data, the graphs, and the calculations. The data are as follows:

Temperature (°C)	Time (s)
10	120
20	60
30	30
40	15

The graphs are as follows: A plot of $\log t$ versus $1/T$ shows a straight line with a negative slope. The activation energy is calculated from the slope of this line. The calculations are as follows: The slope of the line is -1.5×10^4 K. The activation energy is 1.5×10^4 K \times 8.314 J K⁻¹ mol⁻¹ = 1.25×10^5 J mol⁻¹.

4. The fourth part of the report is a discussion of the results. It includes the interpretation of the data, the comparison with other results, and the conclusions. The interpretation of the data is that the rate of reaction increases with temperature. The comparison with other results shows that the activation energy is in good agreement with the literature value.

5. The fifth part of the report is the conclusion. It summarizes the findings of the experiment and states the conclusions. The conclusions are that the rate of reaction increases with temperature and that the activation energy is 1.25×10^5 J mol⁻¹.

6. The sixth part of the report is a list of references. It includes the books, articles, and other sources used in the report. The references are as follows: "Chemical Kinetics" by L. P. Hammett, "The Rate of Reaction of Hydrogen Peroxide with Potassium Iodide" by J. H. Goldstein and R. W. Weale, "The Effect of Temperature on the Rate of Reaction of Hydrogen Peroxide with Potassium Iodide" by J. H. Goldstein and R. W. Weale.

[illegible][illegible][illegible][illegible]

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

2. The second step is to gather relevant information and data. This can be done through research, consultation with experts, or by collecting data from various sources.

3. The third step is to analyze the information and data collected. This involves identifying patterns, trends, and relationships that can help in understanding the problem or question.

4. The fourth step is to develop a solution or answer. This involves applying the knowledge and skills gained from the previous steps to create a response that addresses the problem or question.

5. The fifth step is to evaluate the solution or answer. This involves checking the results against the original problem or question to ensure that the solution is accurate and effective.

6. The sixth step is to communicate the solution or answer. This involves presenting the findings in a clear and concise manner, using appropriate language and format.

7. The seventh step is to reflect on the process. This involves thinking about what was learned from the experience and how it can be applied to future tasks.

8. The eighth step is to seek feedback. This involves asking others for their thoughts and suggestions on the solution or answer, which can help in improving the quality of the work.

9. The ninth step is to implement the solution or answer. This involves putting the plan into action and monitoring the results to ensure that the solution is working as intended.

10. The tenth step is to review the results. This involves evaluating the outcomes of the implementation and determining whether the solution has been successful in addressing the problem or question.

Look To The GENERAL For LEADERSHIP

"PIN-UPS" ON THE GENERAL'S MAP

The GENERAL'S map of these United States is well dotted with key points — representing operators who have looked to the GENERAL and found trustworthy leadership. It's the GENERAL'S way of doing business that has been responsible for the warm, firmly-established customer-relationships which have existed during war-time and peace-time and which will be asserted on an even broader basis when complete Victory is won.

LETTER

My dear Sir,

I have the honor to acknowledge the receipt of your letter of the 14th inst. in relation to the above matter.

I am sorry to hear that you are not satisfied with the result of the investigation.

I have been very busy lately, and have not had time to devote to this matter as much as I would like.

I am sure that you will understand my position.

I am, Sir, very respectfully,
Yours,
J. H. [Name]

Very truly,

C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. Copyrighted 1945 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth \$150.00 whereas someone on the East Coast may think it worth but \$75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.
2. MEANS PRICE WENT DOWN.
3. MEANS MACHINE JUST ADDED TO LIST.
4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK
5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.
6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS
7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS
8. MEANS NO PRICES QUOTED FOR PAST FOUR WEEKS OR LONGER

IMPORTANT

Machines underlined mean these were most active in trading the past week.

NOTICE! March, 1942. Market Prices for Wholesalers as per GMPR of OPA appeared in September 7, 1943 issue. Reprints are available.
